

EMPLOYMENT POSITION:

Engineer, Renewable Energy sector, Cape Town

THE EMPLOYER

REH Project Development is a member of the Renewable Energy Holdings Group (REH). REH is the foremost developer, owner and operator of small hydro power plants in Southern Africa. REH currently operates three award-winning hydro power plants in South Africa and is developing a 70MW portfolio of hydro power plants in Zambia in partnership with two international companies.

Cape Town based REH Project Development offers all the benefits of a small office in a highly skilled environment with very flexible working conditions and no bureaucracy. REH offers the opportunity to work on high profile and innovative projects together with a rewarding career experience and significant scope for personal development.
